Re: *New York Places for Learning, Activity, and Youth Socialization ("NY PLAYS")*
Creation of a playground at Panther Park
Project ID: 30790

Dear Dan Schuttig:

Congratulations.Village of Hoosick Falls ("Grantee") has been awarded a New York Places for Learning, Activity, and Youth Socialization ("NY PLAYS") grant in the amount of $640,000.00 (the "Grant") to fund the project described in the Application submitted in response to the NY PLAYS Request for Applications ("RFA"). The RFA was issued pursuant to Chapter 54 of the Laws of 2025 (the "Enabling Legislation") and the Grant Award was made following a competitive review process performed in accordance with the procedures set forth in the RFA and the Enabling Legislation (NY PLAYS).

Please note that this letter is not a final commitment to disburse the Grant Award. The Grant Award is subject to compliance with the conditions set forth in this award letter and the RFA.

The sole source of funds for the NY PLAYS will be bond proceeds, which by law may only be used for certain eligible purposes. A preliminary determination has been made as to project and cost eligibility. **DASNY, in consultation with bond and tax counsel, shall make the final determination as to whether the project and costs described by the Grantee are eligible for payment from the NY PLAYS Grant Award to the Grantee.**

In order to make this determination, information is required before a Grant Disbursement Agreement ("GDA") will be forwarded for execution. Payment for eligible project costs will be made in accordance with the provisions of the GDA, after the GDA is fully executed. As part of the legal review of your Grant, DASNY will need you to complete and return the following documents. The documents and their purposes are summarized below.
